THINGS TO COME ENDTIME EVENTS CONFERENCE

With over 30% of the Bible dealing with past, present or future prophetic events, it's obvious that God believes the study of prophecy is important!

It is estimated that over 90% of bible prophecy is being fulfilled during our generation.

Prophecies that were written over 2,000 years ago,... and **you** are seeing them come to past! There were at least 100 prophecies written before Jesus was born, concerning the first coming of Jesus Christ to earth, and every single one of them was fulfilled in incredible detail.

An example of this is the exact amount of money Judas received for betraying Jesus was prophesied some 500 years before the fact in the book of Zechariah. Not only was the exact amount of 30 pieces of silver mentioned in the book of Zechariah, but it is also told what would be done with it. The bible says: "and I took the thirty pieces of silver, and cast them to the potter in the house of the Lord." History tells us that when Judas realized he had betrayed innocent blood, he took the thirty pieces of silver back to the high priests who refused to accept it. In frustration, Judas threw the thirty pieces of silver on the floor in God's house. Because it was blood money, the priests took it and bought a potter's field. This is just one of the prophecies pertaining to His coming. No one should have missed it, yet most did!

You and I are living in a time exactly like that right now! They lived immediately before the coming of Jesus... we are living immediately before the second coming of Jesus! DON'T MISS IT!
